To whom it may concern,

Sustainability has a long tradition at MEGGLE, even before it became a key word, last but not least because of the fact that in family-run enterprises "cross generational thinking" is generic. Sustainability management systems for environment, energy and health & safety management are installed and certified (ISO 14001, ISO 45001, ISO 50001). More information on MEGGLE's sustainability can be found at <https://www.megggle.com/en/sustainability/>.

In addition, MEGGLE Group GmbH (until June 30, 2020 registered as MEGGLE AG) as holding company is registered since 01.07.2011 at Sedex with No. ZC1012471. The production site of MEGGLE GmbH & Co. KG in Wasserburg (Germany) is registered with the Sedex No. ZS1022967. A Sedex Members Ethical Trade Audit (SMETA) to Best Practice Guidance (4-Pillar: Labour Standards, Health & Safety, Environment and Business Practices) was conducted. Requirement of Sedex is the recognition of the ETI Base Code. Further, we communicate the amfori BSCI Code of Conduct in the supply chain and require our suppliers to ensure compliance with the amfori BSCI Code of Conduct. More information can be found at <https://www.sedexglobal.com/>.

SMETA audit report and Sedex Site SAQ can be found at Sedex Advance.

We hope our information is helpful. If you have any further questions, please don't hesitate to contact us or start-up a direct stakeholder dialogue.
